

NATIONAL TSING HUA UNIVERSITY

RESEARCH CENTER FOR UNDERWATER ARCHAEOLOGY AND HERITAGE

Postdoctoral Fellow Recruitment

【ABOUT US】

Taiwan has a vast sea area, which contains rich and diverse underwater cultural relics. It is not only rich in scientific research materials, but also precious cultural assets. Consequently, the pursuit of the development of underwater archaeology emerges as an imperative objective. Established in 2022, the Research Center for Underwater Archaeology and Heritage at National Tsing Hua University (the Center) is Taiwan's premier institution devoted to this field. The Center strives to propel the exploration of underwater archaeology and cultural heritage in the seas of Taiwan, while also nurturing professional training, interdisciplinary cooperation, and foster international academic exchange.
